

Waste Hauling Log

All septage and food establishment sludge haulers regulated by Chapter 64E-6, F.A.C., are to maintain a collection and hauling log at the treatment site or at the main business location which provides the information listed below. Records shall be retained for five (5) years. The logs must contain the following information:

1. Date of septage or waste collection;
2. Address of collection;
3. Indicate whether the point of collection is a residence or business and if a business, the type of business;
4. Estimated volume, in gallons, of septage or waste transported;
5. Receipts for lime or other materials used for treatment;
6. Location of the approved treatment facility;
7. Date and time of discharge to the treatment facility; and
8. Acknowledgement from treatment facility of receipt of septage or waste.
